

Beginner Guide: How to Copy Trade as a Beginner

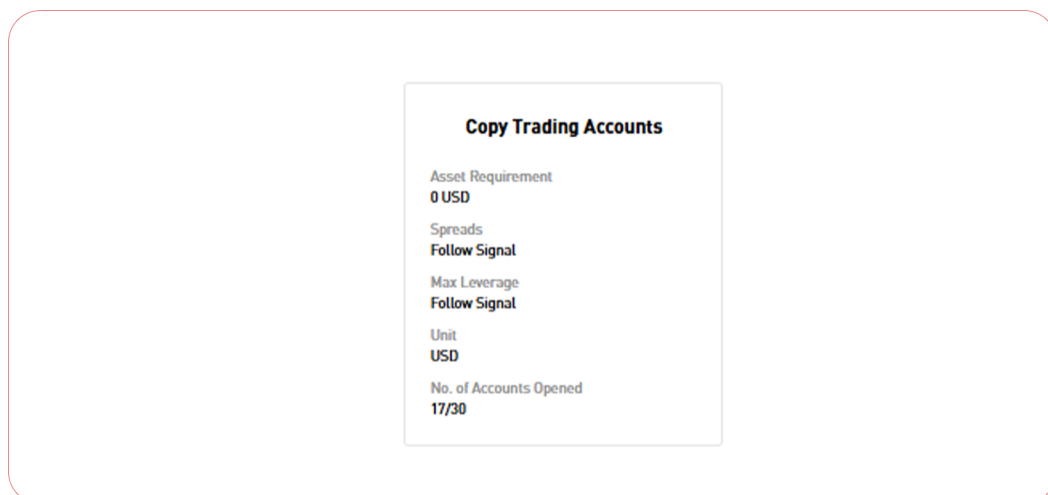

- 1 **Log in** after registering an EC Markets account and completing real-name verification.

The image shows the EC Markets Login interface. On the left, there is a red button labeled "Login". A dashed red line connects this button to the "Login" button on the login form. The login form is titled "EC Markets Login" and includes fields for "Email" and "Password". Below the password field, there are links for "No Account? Register" and "Use verification code". The "Login" button is highlighted in red. Below the button, there is a link for "Forgot Password?". At the bottom, a disclaimer states: "By logging in, you're accepting our Privacy Policy & User Agreement".

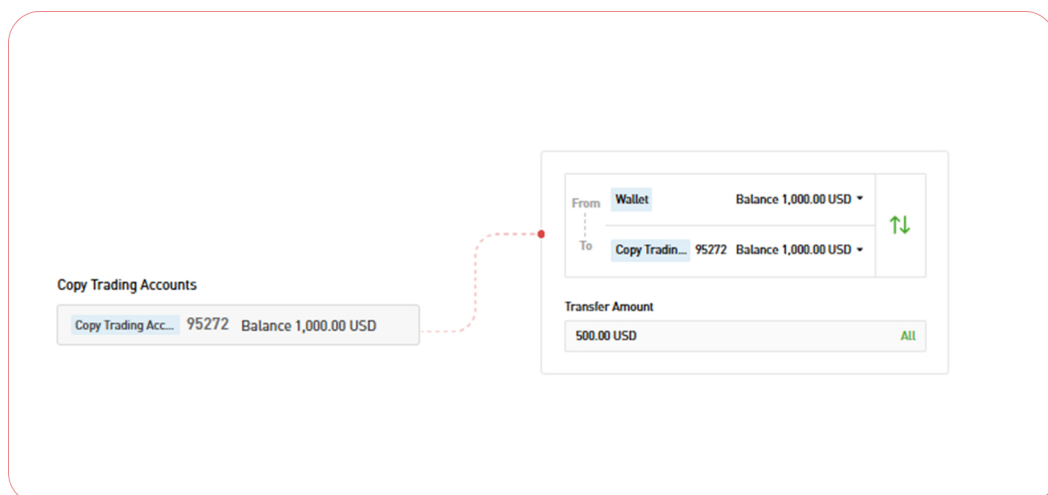

- 2 **Open a Copy Trading Account.**

The image shows a summary card for "Copy Trading Accounts". The card lists the following details:

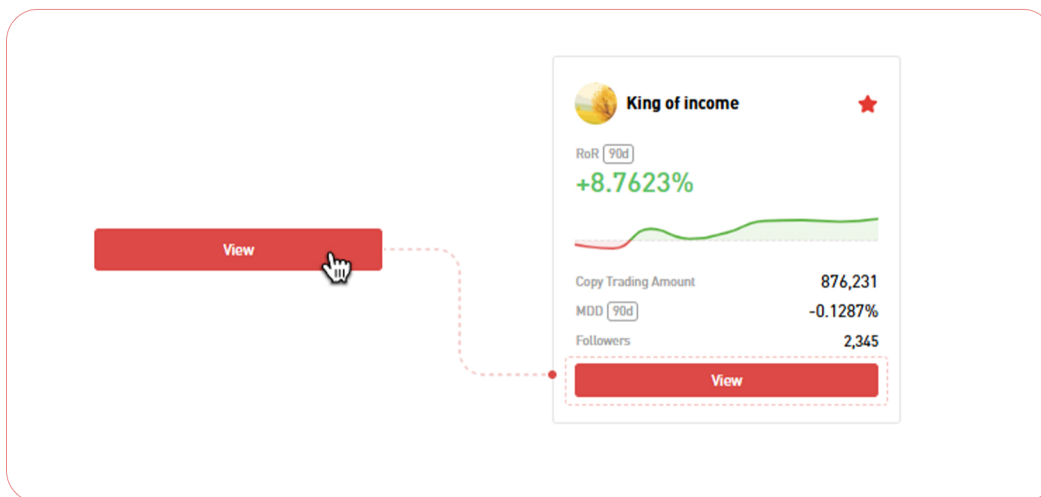

- Asset Requirement: 0 USD
- Spreads: Follow Signal
- Max Leverage: Follow Signal
- Unit: USD
- No. of Accounts Opened: 17/30

- 3 **Transfer the copy trading amount** to the copy trading account.

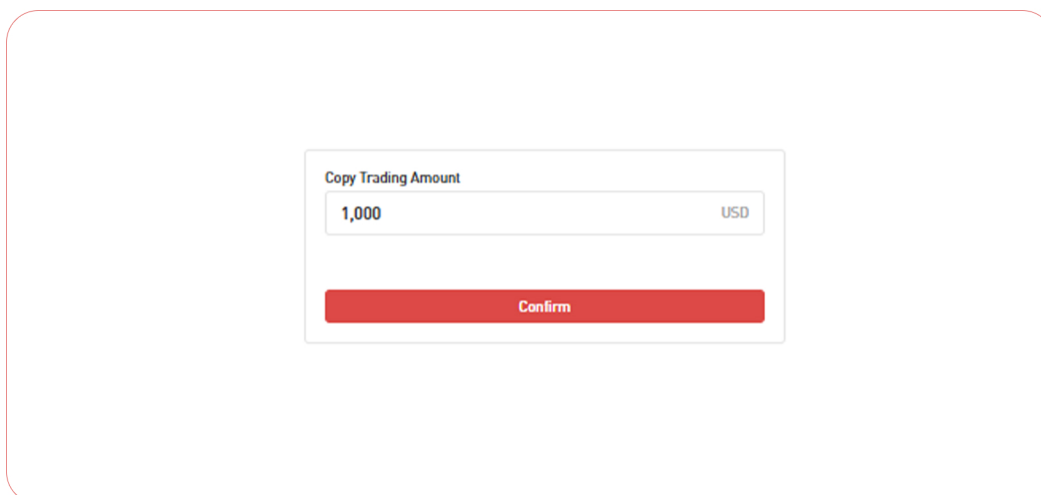

The image shows the transfer interface. On the left, there is a summary card for "Copy Trading Accounts" showing a balance of 1,000.00 USD. A dashed red line connects this card to the transfer form on the right. The transfer form has a "From" field set to "Wallet" with a balance of 1,000.00 USD. The "To" field is set to "Copy Trading Acc... 95272" with a balance of 1,000.00 USD. Below the "To" field, there is a "Transfer Amount" section with a value of 500.00 USD and a green "All" button.

4 Select a signal and click Copy Trade.

5 Enter the copy trading amount.

6 Copy trade successful.
